SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Linux Administration
- Virtualization (Proxmox / VM Management)
- Technical Troubleshooting
- Remote Desktop Support
- Windows Server Basics
- Backup Monitoring
- Active Directory
- Microsoft Teams Administration

LANGUAGES

- English (Fluent)
- Hindi (Native)
- Punjabi (Conversational)

PROFILE

Dedicated Cloud Engineer with practical experience in managing virtual machines, Linux environments, cloud support, and infrastructure operations. Proficient in troubleshooting technical issues, remote support, backup monitoring, and system maintenance. Eager to contribute technical skills and grow in a dynamic IT environment.

EDUCATION

Bachelor of Computer Science — 2022 - 2026
(AI & ML) | Chandigarh University, Punjab
***GPA:** 7.1 / 10*

Government Senior Secondary School — 2021 - 2022
Dhusara, Himachal Pradesh
PERCENTAGE: 82%

PROJECTS

AI-Based Deforestation Detection System

Developed an AI-powered system using satellite images to detect forest area loss and monitor deforestation in Karnataka, India.

***Technologies Used:** Python, Machine Learning, Image Processing*

Virtual Machine Deployment & Monitoring

Configured and managed virtual machines, monitored system health, and handled troubleshooting tasks in a cloud environment.
***Technologies Used:** Proxmox, Linux, Networking, Virtualization*

ACHIEVEMENTS

- Completed a 6-month Cloud Engineer Internship with hands-on experience in virtualization, Linux systems, and infrastructure support.
- Completed academic projects focused on AI-Based Deforestation Detection and an Automated Pedestrian Safety System.
- Actively learning cloud technologies, DevOps tools, and modern IT Infrastructure practices.
